

## ABOUT OUR PROGRAM

This Japan Exchange Program accepts students from overseas every year in cooperation with the Board of Education of Ibaraki Prefecture, which is about an hour from central Tokyo by express train. This program does not earn credits, but students live at school with Japanese students, stay with volunteer host families, integrate into the community, and enjoy a true Japanese experience. We welcome students who want to learn more about Japan, a country with a culture and history unique in the world!
